

# SPARKLING WINES

Each House has its own style. For a Sparkling Wine House this is the style of the wine which creates a unique and recognisable hint, making our products extraordinary and unforgettable. It consists of the magic of our location, the character of our wine masters and the tastes of our devotees. The richest combination of our House's unique natural, technological and cultural factors had to influence the quality and style of the Abrau-Durso wines. Despite their diversity they are distinguishable by their bright, strong, and truly Russian Character. With a deep golden range of colours, profuse and delicate foam, ever playful, fine bubbles, intriguing aromas, expressive tastes and complex aftertastes.

At the heart of the wines' bouquet are original flavours reflecting the rich and distinctive cultural tastes of our country. Alongside the classical aromas of Champagne their delicate charm of meadow herbs and flowers, enveloping hints of creaminess, intriguing tar tones, alluring impertinence of summer berries, the warmth of sunflowers and the flustered romance blown in by the salty breeze from the nearby sea.

The real pearl of our wine is the incomparable hint of crusts of the famous Russian rye bread, without which it is impossible to understand both Russian tastes and the legendary and secretive Russian soul.

This sparkling wine is loved not only for its unique taste and sensations it gives but for the opportunities it provides to repeat these over and over again. Consequently, we work hard at Abrau-Durso to ensure the quality of our wines never falters. In the past few years alone we have invested more than 25 million dollars adding the greatest modern achievements of the world's sparkling wine business to the ancient tunnels fanned by legend. Putting part of the physical labour on to the iron shoulders of automated lines we have left our oenologists with more time and opportunity for the refined creative process, without which it would not be possible to create Quality Sparkling Wine.

Genuine sparkling wine is always a creation in which the language of hints and tones of a bouquet tell of a minute of true happiness. Over 140 years of working, we at Abrau-Durso have gathered an impressive collection of works, full of the positive energy of life. In the best Russian traditions we are not able to measure optimism by halves. No matter how much Abrau-Durso you have in your glass, it will always be full of exquisite taste, vivid sensations and elation.
